Clyde Beatty Circus Comes to Town

Hope's first railroad circus in many years, the Clyde Beatty Circus, arrived here early today for two shows — a matinee at 3 p. m. and a night show at 8 p. m.
The long yellow and silver circuit train rolled in from Little Rock and unloading started immediately. Spectators saw an impromptu circus parade as the animals, performers and equipment moved to the grounds.
The Clyde Beatty Circus is the nation's second largest and features 400 stars in 40 acts in addition to Mr. Beatty and his famous animal act which is the feature attraction.

Negro Woman, Age 110, Gives to Red Cross

WYNNE — Perhaps the most treasured gift ever given the Red Cross here is a battered old dollar bill donated by "Aunt Jennie" Taylor.
Mrs. Laura Massey, Red Cross secretary, is saving the dollar until she finds someone who needs it more than the one who gave it.
Aunt Jennie, born in slavery, says she's 110 years old. She lives alone in her two-room home, does her own cooking, housekeeping and laundry. In her spare time, she cultivates a tiny patch of cotton in her backyard.
This year Aunt Jennie's cotton crop brought \$1 in cash. She earmarked one dollar for the "poor folks."
Clad in her Sunday dress, she trudged the eight block trek to the Red Cross office the other day. The office had been moved.
Aunt Jennie didn't know the new location, but she had an idea. She went to the First National Bank and gave the dollar to a teller who promised to see that it reached the Red Cross.
Aunt Jennie's cotton crop was cause of the drought and a visit she made to Norfolk on north, when she returned from the visit, the weeds had taken part of her crop and hands 110 years old have their limitations.
But she was satisfied with the yield.
"God told me," she explained, "that if I live a good life he would prosper everything I plan, and he's done it."

India Missionary to Speak Here

The Rev. Lester Finley, missionary to India, will speak at the First Methodist Church at Hope at 7:30 p. m. November 7.

Channel Swimmer Says Wolves Ashore Cause More Trouble Than Wolves of Sea — Sharks

By HAL ROYLE
NEW YORK — The next time your wife complains she is getting pudgy and doesn't know how to regain her schoolgirl figure — tell her to go jump in the English Channel.
That is, of course, if she can swim.
"I certainly can recommend channel swimming for any woman who wants to lose weight," said Florence Chadwick, who has swum more channels than you find on the average television set.
Before swimming the English Channel — it was getting so habit-forming with her she has finally given it up — Florence beefs up to a rugged 156 pounds by eating four hefty meals a day.
"I usually lose about five pounds crossing the channel," she said.
This swimmer she wound up a great career by paddling across every European channel where swimmers race against time. She swam from England to France,

Atomic Current Might Prove Expensive

By LOUIS CASSELS
WASHINGTON (UP) — If you were to light your home with current from the atomic power plant, your electric bill probably would be not four times as big as it is now.
Ten years from now it will be a different story. Many experts believe atomic power by then will be "competitive" in cost, and some think it will be even cheaper than power from conventional steam or hydroelectric plants.
At present, all figures on the cost of atomic power are necessarily based on guesswork. That is one of the big reasons why the Atomic Energy Commission is preparing to invest upwards of \$40,000,000 in the construction of the world's first full-scale nuclear power plant. From that plant, which may be in operation by 1957, the AEC expects to learn both the exact cost of atomic power, and the know-how to bring that cost down in future plants of similar design.
The pilot plant, which will be at least as important to history as the first automobile or the first steam engine, will be built by Westinghouse Electric Corp. at a site not yet selected. It will produce at least 60,000 kilowatts of electric energy — enough to supply a medium-sized city.

8-Mile Stretch Opened on 67

A new eight-mile stretch of Highway 67 from Fulton to Paup's Spur in Miller county has been opened to the public, the Highway Department here announced. Actually the stretch starts about 2 miles west of Fulton. Shoulder work is expected to be completed this week.

Nobody Hurt in Truck-Auto Wreck

A transport truck driven by John P. McDonald of St. Louis hit the back of a car driven by Frederick Muldrow, Negro of Prescott about 2:30 a. m. today on Highway 67, ten miles west of Hope.
Investigating State Patrolman Travis Ward said nobody was hurt but the auto was badly damaged.

Extended Forecast

Friday-Wednesday — Temperatures will average two to six degrees below normal. Minimum temperatures 45 to 52 except 52 to 62 extreme south. Maximum temperatures 72 to 78. Cooler northwest Saturday and northeast Sunday. Little or no precipitation extreme southeast and light to moderate elsewhere except locally heavy northwest. Scattered thundershowers northwest Saturday and in north and west portions Sunday.

Transportation of Drouth Hay Poses Problem

KANSAS CITY (AP) — Transportation distribution of an estimated 1,200,000 tons of hay in the next six months is the big problem facing drought-stricken states.
That was the consensus of 50 agricultural experts from 16 states who conferred here yesterday behind closed doors.
They agreed the country's overall supply of hay is more than adequate but getting it into the drought regions remains largely a matter of transportation and distribution.
The group composed largely of state commissioners of agriculture, directors of extension services and Production and Marketing Administration state officials, made these other points:
1. Drought and disaster programs should be accelerated to provide assistance with as little further delay as possible.
2. The actual buying of hay will be largely dependent on the relationship between the cost price of hay and the selling price of livestock.
3. The estimated 1,200,000 tons of hay needed in the next six months could be reduced by the relationship between livestock and hay prices.
The agricultural commissioners alone approved a statement urging that the beef-buying program should be reorganized to benefit the producer and that a floor should be placed under the lowest grade cattle purchased by the government.

Optimistic Over Future of Rice

CROWLEY, La. (AP) — Prof. J. Norman Efferson, Louisiana State University rice expert, holds a "cautiously optimistic" view of the future for the rice industry.
Dr. Efferson, professor of agricultural economics and research at LSU, spoke yesterday at the 17th annual International Rice Festival which was dedicated to him this year. He returned recently from Europe and Asia.
"We are going to have some more trouble selling rice this year than last," he said, "but there is no danger of a drastic collapse in the rice market."
Dr. Efferson said that about 95 per cent of the world rice supply was produced in Asia and whatever happened there affected the industry more than anything else.

Miss Lula McClarty of Blevins, Dies in Hope Hospital

Miss Lula McClarty, aged 61, a resident of Blevins, died Thursday in a Hope hospital.
She is survived by two sisters, Mrs. J. B. Arrington of Blevins and Mrs. Sherman Cox of Hope.
Funeral services will be held at Mrs. Arrington's home at Blevins at 2 p. m. Saturday with burial at Marlbrook by the Rev. Hunter.

3 Million Korean War Casualties on Both Sides

By A. I. GOLDBERG
UNITED NATIONS, N. Y. (AP) — Final casualty figures for the Korean War, still clouded by uncertainty over the fate of thousands missing who may be dead, indicated today that both sides suffered a toll of more than three million.
Based on figures from official and U. N. delegation sources, total casualties for the U. N. side are figured at 1,474,269, of which the Republic of Korea total is 1,312,030, the United States total 144,173, and the total for the 15 U. N. allies 17,200.
In all but a few instances, the figures ran past the July 27 armistice date.
Pentagon sources in Washington, basing their figures on a roundup they made in July, estimated Communist casualties, killed and wounded, at 1,420,000, and prisoners at another 12,000 for a total of 1,540,000 — scaled down from an estimate last April of 1,976,000.
The United States still has 7,355 listed missing. The Defense Department early this month said they "must eventually be presumed dead." The department stand drew protests from families of some in New England.

'One Package' Budget Draws Some Praise

By ROWLAND EVANS JR.
WASHINGTON (AP) — A reported "one package" budget, in which the administration would wrap together its national defense and foreign aid requests, drew praise and a word of caution today from Sen. Mundt (R-SD).
"Constructive and useful," was his comment to a reporter. He said he liked the idea of "lumping together total U. S. defense needs, both at home and abroad," when congressional appropriations are sought.
But Mundt, a member of the Senate Appropriations Committee, suggested the foreign end of such a request would get close scrutiny than the part earmarked for the Army, Navy and Air Force.
Sen. H. Alexander Smith (R-NJ), a Foreign Relations Committee member, called the reported tie-in plan "very interesting." In a separate interview he added:
"Of course, we can sometimes get more value out of a dollar spent abroad than for home defense. It is in the best self-interest of the country to do that."
Administration officials, declining use of their names, said a one-package, home-and-abroad defense bill is under serious consideration by the Eisenhower administration.

All Around the Town

By The Star Staff
There is nothing like a Circus to give people that certain feeling of gaiety and when the Clyde Beatty Show arrived early today it had plenty of residents on hand to watch the unloading. . . . The Beatty Show is surpassed only by Ringling Bros. giant railway Circus.
Hope's Bobcats "bounced" back in fine fashion last night downing their ancient rival, the Nashville Scrappers. . . . It was a well-earned victory which the boys and fans really enjoyed, the players to show themselves they could do it and the fans to have faith that the team is putting forth every effort.
Frankly after the slaughter at Fairview a week ago football was on a low ebb here with the team disgusted with itself and the fans feeling they didn't put out. . . . but now everybody is happy and the part of the schedule that really counts is coming up. . . . successive conference games with Camden, Magnolia, Arkadelphia and Smackover. . . . Hope's opposition will be very unhappy to learn that, starting at 10 a. m. at the entrance of Hope Furniture Company.

Red Persuasion Talks Appear to Be Stalled

By FORREST EDWARDS
PANMUNJOM (AP) — Red efforts to persuade anti-Communist Korean War prisoners to return home appeared today to be stalled at least until next week and here was no indication whether the POWs would call off a sidown which threatens the armistice.
The prisoners had been expected to announce a decision today. But mid-afternoon an informed source said the North Koreans would wait at least until Monday to reply to Indian efforts to get the explanation program going again.
The Neutral Nations Repatriation Commission met for two hours today when recessed without reporting progress on the problem of coaxing balky anti-Red Koreans to attend Communist interviews.
The explanation program has been suspended since Monday when the Koreans threatened a mass breakout if forced to attend Communist Poland, Czechoslovakia, and other Communist satellite commission members — Switzerland, Sweden and India — voted against forcing the POWs to attend.
Polish and Czech members re-yesterday but only to renew their demand that the Koreans be forced to hear Communist explanations. The Reds refuse to interview anti-Red Chinese prisoners who are willing to attend the session in place of the Koreans.

Plane Factory Workers Out on Strike

LOS ANGELES, Calif. (UP) — About 32,000 North American Aviation employees went on strike today, threatening to halt production of the Air Force's new F-100 Super Sabre and of the F-86 Sabrejets of Korean War fame.
CIO United Auto Workers members walked out in plants here and at Columbus, O., at midnight last night when the union's contract expired.
Another 1,100 employees were expected to walk out at North American's Fresno, Calif., plant at midnight tonight when the UAW contract there expires.
North American unveiled its production model of the Super Sabre only this week. Air Force officials said the supersonic jet fighter would give this country air superiority.
In addition to the Super Sabre, company officials said production will be paralyzed on the F-86 jet fighter, the F-86-D jet interceptor, the F-4J Fury, and the propeller-driven T-28 trainer if the strike continues.
Local President Paul Schrade declared the company's "fine offer" contained "no substantial changes and gave us only minor concessions."

3.7 Million Baby Chicks Produced

LITTLE ROCK (AP) — The Crop Reporting Service said today that Arkansas commercial hatcheries produced 3,573,000 baby chicks in September.
The total is an increase of 11 per cent over September, 1952, hatchings, and is almost three times the 1947-51 average production for September of 1,265,000 chicks, the service said.

Only General Rain Could Break Drouth

LITTLE ROCK (AP) — I'll take a general rain to break Arkansas' autumn drouth, and the Weather Bureau says nothing of the sort is in sight.
But some relief in the form of light showers was forecast for the entire state this afternoon.
Showers fell last night at Fayetteville and Beaver in North Arkansas. Light rain was reported at Fort Smith this morning.
The forecast also calls for cooler weather.
Even light showers may alleviate the forest fire hazard. State Forester Fred Lang said about 500 acres of timber burned yesterday, boosting the year's total loss to more than 50,000 acres.

Swedish Plane Is Shot Down Over Syria

LONDON (AP) — Reports reached here from Lebanon today that a Swedish plane had been shot down in Syria. The Swedish consul in Beirut was quoted as blaming the Israeli air force. But an official spokesman in Israel said there was "no truth whatever" to the story.
There were conflicting accounts of just how many persons had been killed in the reported crash. A Beirut message said 35 passengers and crewmen were killed and that the bodies were taken to Damascus, in Syria. But word direct from Damascus was that the plane was a small one and that only the pilot and copilot had been killed.
The crash was described as taking place on Mt. Herman (Jabal Al Sheikh), which rises to 9,232 feet 25 miles west-southwest of Damascus, the Syrian capital.
The Beirut advices pictured the Swedish consul, Jean Fattal, as blaming Israeli fighter planes for the crash. But the Swedish foreign office said it had no knowledge of an incident, and the Scandinavian Air Lines disclaimed knowledge of any crash. This is the only Swedish air line with regular passenger service.
The crash is reported to have occurred yesterday.

Blytheville Has 4 Seeking Mayorship

BLYTHERVILLE (AP) — Four men, including two who have held the job before, are candidates for mayor of Blytheville at the Nov. 3 general election.
The candidates are former Mayors Doyle Henderson and E. R. Jackson, Alderman John Caudill and A. F. Dietrich, an insurance agent.
Jackson was mayor from 1942 to 1950 and Henderson was mayor from 1950 to 1952.
Mayor Dan Blodgett filed for a second term, but later withdrew from the race.
The candidates are running without party labels, but Dietrich is a member of the Mississippi County Republican Committee.

Investment Firms Like Bridge Idea

HELENA (AP) — Several inquiries already have been received from investment concerns seeking information about issuance of bonds for a proposed toll bridge across the Mississippi River here, J. B. Lambert said today.
Lambert is chairman of a committee formed to promote the long bridge. He is chairman of a committee formed to promote the long bridge. He is chairman of a committee formed to promote the long bridge.

Five Killed, One Wounded by Berserk Gunman

MONTE VISTA Colo., (UP) — Police said a railroad superintendent shot and killed five persons and wounded one other today and then took his own life.
The names of all the dead were not immediately available. Authorities said they were waiting for gas to clear from the shooting scene before they could make positive identification.
Police said Rudy Morgan, about 40, superintendent for the San Luis Central Railroad, shot and killed his wife and two small children and a neighbor woman, and then killed a police officer and wounded another when they attempted to arrest him. Police said Morgan used the same weapon, a shotgun, to kill himself.
Authorities said neighbors heard shots about 6:30 a. m. and called police.
Police said Morgan's wife and two children, Johnny, 7, and Tommy, 5, and the unidentified neighbor woman, who was believed to reside in the same apartment building, were apparently all dead when Assistant Police Chief Guy O'Neal and Policeman R. V. Keys arrived to investigate.
Police said O'Neal was shot to death and Keys seriously wounded when they attempted to enter the Morgan apartment.
O'Neal moved here last May 1 from Ulysses, Kan.
Four other policemen and sheriff's officers, aided by state highway patrolmen, rushed to the scene and fired tear gas shells into the apartment. They found Morgan dead but said they were unable to search the entire apartment until the tear gas cleared.
Keys was taken to a local hospital. His condition was said to be serious.
Police said O'Neal was married and the father of "four or five children."

Tension High as Holy Land Talks Near

UNITED NATIONS, N. Y. (UP) — Diplomats today hastened preparations for full scale discussion of the "critical" tension in the Holy Land before the U. N. Security Council next week.
U. S. Assistant Secretary of State Henry A. Byrd planned to meet at lunch with Israeli Ambassador Abba S. Eban. He held urgent conferences last night with Arab delegates in an attempt to pave the way for immediate results at the session of Palestine to be held Monday or Tuesday.
Eban also held high level discussions with U. S. Ambassador Henry Cabot Lodge Jr., and British Minister of State Selwyn Lloyd. He attempted to alleviate the morning strain by making public the text of a note sent July 10 to Secretary of State John Foster Dulles. It expressed Israeli eagerness to reach agreements with Arab countries for the development of the River Jordan.
Other urgent backstage talks aimed at easing the Holy Land tension were held by Maj. Gen. Vagha Bannike, chief of the U. N. truce observation commissioner in Palestine, who arrived yesterday from Tel Aviv at the summons of the Security Council.
Bannike prepared to submit a full report to the Security Council on Holy Land conditions and his recommendations for their solution.
Among the suggestions he will submit is one that the present demilitarized zones between Israel and some of the bordering Arab countries be cancelled and replaced with regularized frontiers.
Upon his arrival here Bannike said Holy Land tension was "fertile" but would probably not erupt into "a major dispute."
However he said part of his report would include photographs of the Jordan border village of Kibya which, according to reports, was attacked by Israelis who killed 42 Arabs on Oct. 14.
The Kibya incident led the United States, France and Britain to call for the Security Council session on Palestine.

NEW YORK STOCKS

NEW YORK (AP) The stock market turned mixed today after a higher start.

Prices spread rather evenly over a range of less than a point either way. At one time gains at the bottom ran in between 1 and 2 points. Business came to an estimated 1,400,000 shares, highest total of the week.

Only provided leadership for the day. When the turned down started, there was no concentration of activity in any major division.

Higher stocks included American Petroleum, Bethlehem Steel, Dow Chemical, and Goodrich. Lower were Paramount Pictures, De Pont, Youngstown Sheet & Tube, and Montgomery Ward.

GRAIN AND PROVISIONS
CHICAGO (AP) Purchases of wheat and soybeans by foreign countries, with the hope of more to come, sent these commodities higher on the Board of Trade today. Fed grains dragged.

Price advances were not large, but they sufficed to send May wheat to the best level for any wheat contract since Aug. 17.

Wheat closed 1-1/4 higher, December \$1.05 1/2-1.06, corn lower higher, December, \$1.47.

1.46, oats unchanged to 1/2 higher, December 77 1/2, soy 13 1/2 high er, December \$12 1/2, soybeans 15 3/4, higher, November \$2 7/2. Cash wheat: Some Corn No. 1 yellow 1.40-1.41, No. 2 1.38-1.39, No. 3 1.41 1/2-1.42, No. 4 1.40 1/2-1.41, sample grade 1.41. Oats: No. 2 white (new) 81 1/2.

NEW YORK COTTON
NEW YORK (AP) Cotton futures were irregular today in close dealings. Hoarding and scattered liquidation caused nearby deliveries to ease, while new crop months were relatively steady.

Late afternoon prices were 1/2 cent a bale higher to 5/8 cent higher than the previous close, December 32.85, March 33.32 and May 33.50.

Jonesboro, Hope Turn in Victories

By The Associated Press

Class AA Jonesboro and Hope scored victories last night against North Little Rock and Nashville respectively.

The Golden Hurricane whipped the Northstars 21-13 and Hope defeated Nashville 21-12.

Bobby Rogers and Don Rogers were the main springs in the Hurricane attack with Rogers scoring twice—once from the 30 on an off-tackle smash, and again on a one-yard plunge to end a 60-yard drive by the Hurricane. Rogers scored on a six-yard run after Jonesboro drove 60 yards in 11 plays.

The North Little Rock Wildcats mustered two in-laws—one off Tamm's Warrell on a six-yard run and another off Billy Rodney's two-yard spurt off-tackle.

Steve Marler scored one touchdown and passed for another in leading the Hope Wildcats to a victory over Class A Nashville. Marler scored in the first period on a six-yard sweep and then passed 30 yards to Sonny Griffin for the other tally. Fullback Wayne Johnson plunged over from the one for the other Hope TD. Al Graves kicked all three extra points.

Nashville scored its touchdowns in the first quarter on a 3-yard sprint by Phil Yates and in the second period on a 10-yard pass from Pat Robbins to end Dick Johnson.

PSC Schedules Rate Hearing
LITTLE ROCK (AP) — The Arkansas Public Service Commission has scheduled a hearing next Thursday on the St. Louis Southwest-Cotton Belt Railway Company's complaint that its property was assessed too highly for tax purposes.

The railroad said the PSC's valuation of its property—10.8 million dollars—is about 3 millions too high compared to valuation of other property in the state.

Craters on the moon range up to 140 miles across.

How can a pretty woman—and she is quite pretty and feminine—lose the world's most rugged men at the arduous game of distance swimming?

"Why, it's a known fact that women have less strength but more endurance than men," she said, as if surprised at the question. "So the longer the event, the better chance we have of breaking men's records."

Florence started competitive swimming at 6, and failed to place in one of her first races because she dropped her gun and stopped to look for it.

Her story is the saga of a girl who picked a dream young and stayed with it until she made it true.

"My childhood idol was Gertrude Ederle—she still is—and I decided I wanted to swim the English Channel as she had."

Florence worked two years in Arabia as a comptometer operator for an oil company to save up \$5,000 for the first of her three successful trips across the English channels. Her tour this summer was sponsored by E. W. Stewart, a swim suit manufacturer.

Her success has brought her a good income the last two years but no wealth. She hopes now to try on her own video sports program.

She figures she has swum an average of 18 miles a week for the last 27 years—or 35,272 miles, the distance around the earth.

"I wish I had a penny for every mile I've swum," she said, then looked a bit depressed when told that would come to exactly \$352,722.

She still swims a mile every day before breakfast "to keep loose."

"I've been spending too much time in the water to have any romance in my life," she remarked. "But I haven't been lonely. If I get feeling mixed up, I jump in and get feeling mixed up. I jump in things through better."

"You know, these wolves ashore can cause more trouble than any sharks you meet in the water."

Petitions Oppose China Admission

WASHINGTON, Oct. 23—A petition signed by 212 prominent Americans and strongly opposing the admission of Communist China to the United Nations was handed to President Eisenhower today.

Charles Edison, former Secretary of the Navy and the governor of New Jersey, presented it. He said a similar petition will be circulated among the public in the hope of getting a million signatures.

Edison was accompanied to the White House by Rep. Judd (R-Minn.) and Joseph C. Grew, former ambassador to Japan. They are sponsors of the movement along with former President Hoover, Rep. McCormack (D-Mass.), Sen. H. Alexander Smith (R-N.J.), and Sen. Sparkman (D-Ala.).

Judd told reporters the purpose of the petition is to mobilize pub-

Pressures Ike to Abandon Political Ban

By JACK BELL

WASHINGTON, Oct. 23—President Eisenhower is likely to face mounting pressure from Republican office holders to abandon his political umbrella approach in favor of direct activity in next year's campaign for control of Congress.

In a sharp departure from the policies of his immediate predecessors, Eisenhower told a news conference yesterday he does not intend to make the presidency an agency for use in partisan election campaigns.

Instead, he said he hopes to develop an enlightened and progressive program which will serve as a real umbrella under which his party's candidates can operate.

Sen. Mundt (R-SD), who is running next year, applauded the President's decision to attempt to "make a record we can brag about," as Mundt put it.

"I don't think that a president coming into your district to help yours any more effective than one who comes in to purge you," he said.

Mundt was alluding to the late Franklin D. Roosevelt's unsuccessful efforts in 1938 to purge some Democratic Congress members.

While none of the handful of lawmakers here would comment publicly, there apparently are many Republicans who don't share Mundt's view that presidential tubthumping is no help to individual candidates.

Michigan GOP leaders have sought and thus far failed to get Eisenhower's promise to do some campaigning in their state next year in behalf of Sen. Ferguson (R-Mich.), chairman of the Senate Republican Policy Committee.

Ferguson may have enough reelection battle on his hand if Democratic Gov. P. Mennen Williams decides to run for the Senate. Outnumbered by the Democrats 48-47, the Republicans can ill afford the loss of any Senate seats.

Eisenhower also has turned down appeals for intervention in behalf of Republican Paul J. Troast in the latter's current race for governor in New Jersey.

Eisenhower said specifically he won't lend a helping hand to Virginia Republicans who are trying to elect State Sen. Ted Dalton as governor.

BOP candidates who want to cash in on what they regard as Eisenhower's popularity are likely to keep on trying to get him actively into next year's campaign.

His opinion in support of the President's stand.

The Minnesota congressman said the President, on receiving the petition, expressed agreement with its sponsors that the Chinese Communists are at war with the U.N. and, being aggressors, obviously cannot be admitted to the world organization.

Ex-Queen Attempts to End Life

PARIS, (UPI)—Ex-Queen Alexandra of Yugoslavia slashed her wrists in a suicide attempt last night after failing to persuade ex-King Peter to drop his divorce plans, her attorney said today.

Raymond de Chaisemartin, lawyer for the exiled queen, said Peter and lawyers for the royal couple restrained her before she could inflict serious injury on herself.

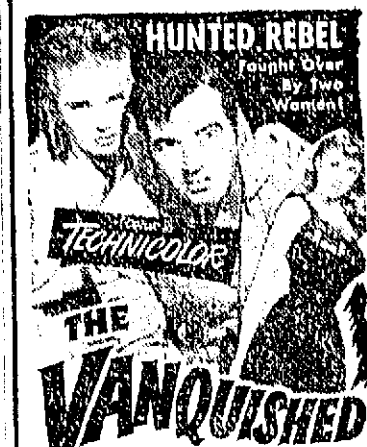

Dr. Louis de Gennes, after examining the ex-queen, said there is no reason why she cannot appear in court when hearings on her husband's divorce suit open today.

Peter's divorce plans have been pending for some time, despite repeated efforts by the ex-queen to effect a reconciliation.

No Ducks as Season Opens in Missouri

CAPE GIRARDEAU, Mo. — Missouri duck hunting season started today but one thing seems to be missing—the ducks.

T. Bode, director of the State Conservation Commission, said yesterday he hadn't heard any reports of ducks in this drought-stricken state.

He and some geese were spotted on federal refuges but they appeared to be staying close to the refuge where they are fed and weren't likely to fly within range of hunters.

Bobcats Turn Back Scrappers by 21-12 Tally

The Hope Bobcats bounced back into the win last night with a routing 21 to 12 victory over their ancient rival the Scrappers of Nashville. It was a homecoming affair for the Bobcats and a large crowd was on hand.

It was an offensive thriller with both teams able to move the ball. Hope with a devastating ground game and Nashville with a slick aerial attack that kept them in the ball game until midway in the final period.

Hope's Johnson, Duke, Marlar, Griffin and Blake literally tore the Nashville line apart as the Bobcats stayed mostly on the ground but were able to connect with passes when it was sorely needed. The Bobcats' Griffin, Raymond, Churchwell, played out a couple of minutes and the first time he carried the ball went 47 yards. Hope's line with Colley, Keck, Cornelius, Hipp, Willis and Williams outstanding, held visitors to a ground game to a standstill and opened gaping holes for the backs.

Nashville rode on the throwing arm of Pat Robbins and the receiving of Richard Johnson. Always a threat, Robbins kept his team right in there until the last.

Hope drew first blood with sophomore Marlar setting it up with a 46 yard scamper to the Nashville 30. A few plays later he went around out for six and a touchdown and Graves converted the first of three extra points.

Nashville came back, recovering a fumble on the Hope 30, drove to the 3 where Phil Yates went over. The Scrappers failed to get the extra point and trailed 7-6. But they went right back to work and drove 65 yards with Robbins tossing to Johnson for the final 16 and a 12 to 7 lead.

With little more than a minute left in the first half Marlar heaved to Sonny Griffin who weaved his way across the goal line, a 38 yard play with James Caston throwing a key block at the 10. Hope led at the half 14 to 7.

The third period was nip and tuck with Churchwell's 57 yard run the highlight. However, the Scrappers held and drove to the Hope one but couldn't get it across.

Wayne Johnson climaxed a 40 yard drive in the final period with a 3 yard plunge, Graves converted and the game was sewed up 21 to 12.

At Texarkana last night the local Juniors dropped a 13-0 decision. Statistics: Hope Nashville

Arkansas Coach Bowden Wyatt, Distinctly Proud of His Team

Arkansas Coach Bowden Wyatt, distinctly proud of his team despite the three losses, is well aware of Mississippi's scoring possibilities.

"Mississippi looked awfully good in beating Tulane," said Wyatt. "They took advantage of every break. We can't afford to make mistakes. Our boys have played three great games in a row and I have no reason to believe they'll quit this week."

With its offense directed mostly by a scrambling quarterback in quarterback Eagle Day, the Mississippi line have rolled up 134 points in two games with victories over Tulane, Kentucky, Vanderbilt and Tulane. Day, an adroit runner as well as a potent passer, has made Mississippi partners almost forced Jimmy Lee, who directed the team to an undefeated season last year and an appearance in the Orange Bowl against Georgia Tech.

The smoothly operating Day, backed up by leftman Hal Lofton, Alan Marshall and Jimmy Patton, the choice Patton secured four touchdowns against Tulane.

Clayton Minor, an all-SEC center, and tackle Henry Hight, who will lead the team, were forced to play in a close game.

The big run in the Arkansas defense is tailback Lamar McHarris. This isn't the only big one on the team, though. There will be plenty of leonard conference. In the Big Ten, for example, Michigan, one of the top State and Michigan, has a mate in its past 31 games, has come back after a shaky start, league.

Wyatt plans a major change in the Arkansas starting lineup, moving the front side end assignment to Ron Fortner, a speedy pass catcher who last year who has come along slowly this season.

The game matches the intricacies of Mississippi's split attack, the power and passing of Arkansas single wing.

Arkansas leads in the 45-year-old series, 9 games to 7. Last year's game went to the Rebels, 24-7, the biggest point total ever run up in the rivalry.

Porkers Meet Bowl-Minded Mississippi

MEMPHIS — Bowl-minded Mississippi, with its steamroller attack now in full gear, and the building Arkansas team here to morrow in one of the South's top football battles.

The Mississippians, upset by Auburn 13-0 two weeks ago, slammed back on the victory and local trial last Saturday with a stunning 44-11 victory over Tulane in what was generally expected to be a close game.

Arkansas, hearing peak strength for the first time this season, has dropped three of four games, but offense led by Fullback Billy Moore and reserve tailback Billy Moore will be back in harness against the Rebels. After two week layoffs with injuries, Ed Harold Spain, who suffered a leg injury against Texas last week, is expected to be ready.

Wyatt plans a major change in the Arkansas starting lineup, moving the front side end assignment to Ron Fortner, a speedy pass catcher who last year who has come along slowly this season.

The game matches the intricacies of Mississippi's split attack, the power and passing of Arkansas single wing.

Arkansas leads in the 45-year-old series, 9 games to 7. Last year's game went to the Rebels, 24-7, the biggest point total ever run up in the rivalry.

Notre Dame, Tech Game Tops Grid Play

NEW YORK — Notre Dame and Georgia Tech, mightiest of the mighty, meet tomorrow in the No. 1 game of the campaign as the college football season rushes to a climax.

Unless it winds up in a dead-end, one of these behemoths will be stretched on the turf at South Bend, Ind. Georgia Tech, unbeaten in its past 31 games, has come back after a shaky start, league.

White Texas and Rice are clawing at each other Baylor, the sixth-ranked school and slight favorite in the Southwest Conference.

This isn't the only big one on the program, though. There will be plenty of leonard conference. In the Big Ten, for example, Michigan, one of the top State and Michigan, has a mate in its past 31 games, has come back after a shaky start, league.

Trucks Is Voted Comeback King

By JOE REICHLER

NEW YORK — Virgil Trucks, who was tagged with 19 defeats in 1952 despite hurling two no-bitters, was voted today as the American League's Comeback Kid of 1953.

The 34-year-old right-hander, who began the season with the lowly St. Louis Browns but was sold to the Chicago White Sox in June, edged out the great Ted Williams for the honor on the strength of his 20 victories, 15 of them compiled with the White Sox.

Trucks received 53 votes to 50 for Williams. Mickey Vernon, Washington's brilliant first baseman and the junior circuit's batting king, drew 29 votes to place third. Jimmy Piersall, sensational Boston-Red Sox outfielder, was fourth with 22 votes.

A total of 179 members of the Baseball Writers Association of America participated in the Associated Press' annual poll. They gave six votes each to pitchers Ellis Kinder of Boston and Bob Porterfield of Washington, four to infielder Ray Boone of Detroit, two to southpaw Eddie Lopat of the New York Yankees and one each to Al Rosen of Cleveland, Bob Elliott of the White Sox and Irv Noren of the Yankees.

SIDE GLANCES

By Galbraith

"You see, the college psychology course at 10 o'clock helps me to understand the soap opera that's on at eleven!"

Christianity MUST Win! . . . CHRISTIANITY WILL WIN!

Web of Deceit

"The hypocrite's hope shall be a spider's web," Job 8:13-14. The world is filled with deceivers. A slogan in ancient Rome read, "Let the buyer beware." This slogan is also very modern. A deceiver is like the spider's web; he robs you of everything and gives you nothing in return. The Bible best describes deceivers: "They love devouring words; They give their mouths to evil; their tongues frame deceit; Their mouths speak vanity; their right hand is falsehood; They profess to know God but in works deny Him." The deceitful man is by himself betrayed. Anything is false that robs one of honor, virtue, God, Prayer, the church or the Bible. "Take heed how you hear," Luke 8:18. Be a regular attendant at church.

Sunday School Lesson

By William E. Gilroy D.D.

By their fruits ye shall know them," said Jesus (Matthew 7:20).

The illustration was of trees, but Jesus was speaking of people.

This is true not only of the hypocritically false and corrupt. It is true of ourselves and of all men.

And it is true, also, not only of the fruits of evil, but of the lack of the fruits of good. The fruitlessness of good is only one step removed from being fruitful of evil.

Jesus pronounced His bitterest words against the hypocrites who made a profession of religion but exploited and wronged their condone the victims of temptation and sinful passions, though He treated them with compassion and forgiveness.

He was almost scornful of those lives were neither good nor with a show of life, but no fruit.

What does it mean to have a fruitful life? The source of all goodness, the Testament makes plain, is love, the love of God the example for man. "Beloved, if God so loved us, we ought also to love one another" (1 John 5:7-11).

In love, Paul declared, was the fulfilling of the law. "For all the law is fulfilled in one word, even in this: 'Thou shalt love thy neighbor as thyself'" (Galatians 5:14).

In the very chapter in which Paul made this declaration, he proceeded to analyze and set forth in detail the meaning of such love.

Over against the fruits of evil living, all too manifest in the excesses and licentiousness of a pagan world by which the Christians were surrounded, Paul set forth the fruit, or fruits, of the Spirit; that is, of the Spirit of Christ. These fruits he detailed with great precision.
